Iowa Workforce Development Director's Statement on the Settlement Agreement

DES MOINES – Iowa Workforce Development Director Elisabeth Buck is pleased with the Attorney General's announcement of a financial settlement stemming from the CIETC related disallowed costs.

"The announcement today allows state and local officials to move forward and take the initial steps needed to ensure that recovered funds will be used to meet the job training and other workforce services needed by Iowans," indicated Director Buck. "Iowa Workforce Development appreciates the dedication our financial staff had in bringing this issue to light and assisting with the resolution."
